

## Osé adhesives

The quality at the best price!

For your security, all Osé! adhesives have been produced in accordance with the European cosmetic regulation (CE) n°1223/2209

Here you have a tabular comparison for choosing your adhesive.

Characteristics	Mini Black Premium Adhesive 5 ml 65 euros	Black Premium Adhesive 10 ml 97,50 euros	Clear Premium Adhesive 5 ml 65,50 euros
Color	Black		Clear
Picture			
Texture	LIQUID		
For Whom?	those that primarily work at home	<b>FOR ALL TECHNICIANS</b>	
Quantity used	2 drops ↓		1 drop ↓
Use	For a natural or sophisticated application. <b>The Osé! tip:</b> Used with the <b>Primer</b> , the extension application is facilitated by the static electricity created between the natural lash, the adhesive and the extension.		For the application of <b>colored extensions</b> , the <b>Crystal</b> or the <b>glitters</b> .
Time to dry on lashes	<b>INSTANTANEOUS</b>		
Polymerisation of the adhesive after application	Only after <b>2 hours</b>		
How long does it lasts?	The quality of our adhesives allows to the extension to be glued on the lash, until it falls at the end of its life cycle. <b>Be careful with oily products!</b> And to keep a harmonious fringe, have maintenance every 3/4 weeks.		
Conclusion of a French laboratory	Test report for evaluating the Osé! adhesive : <b>VALIDATED</b>
